

Amendments to the Claims:

This listing of claims will replace all prior versions of claims in the application:

Listing of Claims:

1. (Currently Amended) A method for automatically sending an order from a first user to a recipient over a computer network, the method comprising:
- receiving order selections from a computer of the first user;
  - saving stored order data, the stored order data including the order selections and order purchase information;
  - generating a web page having an address and containing the order selections and order purchase information from the stored order data; and
  - in response to a first user request, automatically producing and sending an electronic mail message having the address of the web page to a computer of the recipient and generated from the stored order data, the electronic mail message identifying the stored order and order purchase information and allowing the recipient to purchase the stored order using the web page wherein the stored order is not editable by the recipient and generating the web page and the electronic mail message from the stored order data simplifies operation.
2. (Original) The method of Claim 1, further comprising producing a display of the stored order for potential purchase by the recipient.
